

Security Evaluation Office

1 September 1988

MEMORANDUM FOR: Mr. Robert E. Lamb
Assistant Secretary, Bureau of Diplomatic Security

FROM: [REDACTED]
Director, Security Evaluation Office

25X1

SUBJECT: Update on DCI/SEO

1. The three Group Chiefs have been appointed:

Standards Group: [REDACTED] from NSA

25X1

Intelligence Group: [REDACTED] CIA/DO

25X1

Inspection Group: [REDACTED] CIA/OS

25X1

As we have discussed before, I believe it would be beneficial if you could arrange a meeting where the DCI/SEO could be briefed to a group of DS senior officers and we could introduce the DCI/SEO Group Chiefs.

2. We discussed the priority you attach to the early development of standards in the area of building shielding and for classified computer systems. The DCI/SEO has marked those for priority attention as you requested. Could you provide me copies of policy, doctrine, guidance, or standards the Department utilizes in these areas today?

3. [REDACTED] and I still plan to visit the Los Alamos Laboratories 12-14 September and would like you to join us. Any possibility? If not, could Greg Bujac go?

25X1

4. I met with Bob Boyer and Rich McBride of the HFAC Staff on 26 August. Ruth Whiteside and Ross Starek were there. If that committee plans to hold a hearing, I wish to ensure that they have the benefit of accurate information on our concept of operation. I provided them with the 18 July DCI memo to Representative Atkins and the analysis of the Mica-Snowe letter to the Secretary of State that was sent to you on 21 June. Those documents answer many of the HFAC staff questions and dispel much of the misunderstanding. The meeting was useful in that regard. We probably will meet with other HFAC staff members on 9 September and you have been invited to sit in with me.

~~CONFIDENTIAL~~

L-268-15

5. There was another delay in the arrangements for polygraph interviews with Terry Shea and Jon Lechevet while you were away. We had to postpone Lechevet's for the second time and Terry's for the first time. I had hoped that what you had described as the pro forma approvals could have been arranged and we could have avoided these postponements. As it developed, the cancellation and rescheduling of the interviews precipitated a Gates-Spiers conversation that we should discuss. Those polygraph interviews have been rescheduled for 12 and 13 September.
